

Massimiliano Gastaldi, PhD

University of Padova

Department of Civil, Environmental and Architectural Engineering

Publications

- 1) Rossi R., Gastaldi M., Gecchele G. (2014). Sustainability Evaluation of Transportation Policies: A Fuzzy-Based Method in a “What to” Analysis. In: V. Snášel, P. Krömer, M. Köppen and G. Schaefer. *Soft Computing in Industrial Applications*. vol. 223, p. 315-326, Cham (Switzerland): Springer International Publishing, ISSN: 2194-5357, doi: 10.1007/978-3-319-00930-8_28.
- 2) Gastaldi M., Rossi R., Gecchele G., Della Lucia L. (2013). Annual Average Daily Traffic Estimation from Seasonal Traffic Counts. *Procedia: Social & Behavioral Sciences*, 87, 279-291, doi: 10.1016/j.sbspro.2013.10.610.
- 3) Rossi R., Gastaldi M., Biondi F., Mulatti C. (2013). Warning Sound to Affect Perceived Speed in Approaching Roundabouts: Experiments with a Driving Simulator. *Procedia: Social & Behavioral Sciences*, 87, 269-278, doi: 10.1016/j.sbspro.2013.10.609.
- 4) Rossi, R., Gastaldi M., Gecchele G. (2013). Analysis of drivers' behavior in different environments: experiments with a driving simulator. In: U. Crisalli , E. Cipriani , G. Fusco. *External costs of transport systems: Theory and Applications. Selected papers*. Vol. 1797.41, p. 278-294, MILANO: Franco Angeli, ISBN: 978-88-204-4603-1.
- 5) Gastaldi M., Rossi R., Vescovi R. (2013). Analysing the capacity of a transportation network. A general theoretical approach. *European Transport International Journal of Transport Economics, Engineering and Law*, issue, 53.
- 6) Carturan F., Pellegrino C., Rossi R., Gastaldi M., Modena C. (2013). An integrated procedure for management of bridge networks in seismic areas. *Bulletin of Earthquake Engineering* 11-2, 543-559, DOI 10.1007/s10518-012-9391-6.
- 7) Rossi R., Gastaldi M., Gecchele G. (2013). Comparison of fuzzy-based and AHP methods in sustainability evaluation: a case of traffic pollution-reducing policies. *European Transport Research Review*, 5-1, 11-26, doi: 10.1007/s12544-012-0086-5.
- 8) Rossi R., Meneguzzo C., Gastaldi M. (2013). Transfer and Updating of Logit Models of Gap-Acceptance and their Operational Implications. *Transportation Research Part C, Emerging Technologies*, 28, 142-154, doi: 10.1016/j.trc.2011.05.019.
- 9) Rossi R., Gastaldi M., Biondi F., Mulatti C. (2013). Opperl-Kundt Illusion and Lateral Optic Flow Manipulation in Affecting Perceived Speed in Approaching Roundabouts: Experiments with a Driving Simulator. In: *Transportation Research Board 92nd Annual Meeting Compendium of Papers*. Washington D.C., January 13-17, 2013, Washington D.C.: National Academies of Science.
- 10) Gecchele G., Rossi R., Gastaldi M., Kikuchi S. (2012). Advances in Uncertainty Treatment in FHWA Procedure for Estimating Annual Average Daily Traffic Volume. *Transportation Research Record*, 2308, 148-156, doi: 10.3141/2308-16.
- 11) Rossi R., Gastaldi M., Biondi F., Mulatti C. (2012). Evaluating the Impact of Processing Spoken Words on Driving. Experiments with Driving Simulator. *Transportation Research Record*, 2321, 66-72, doi: 10.3141/2321-09.

- 12) Rossi R., Gastaldi M., Carturan F., Pellegrino C., Modena C. (2012). Planning and management of actions on transportation system to address extraordinary events in post-emergency situations. A multidisciplinary approach. *European Transport International Journal of Transport Economics, Engineering and Law*, issue, 51.
- 13) Rossi R., Gastaldi M. (2012). An Empirical Analysis of Vehicle Time Headways on Rural Two-lane Two-way Roads. *Procedia: Social & Behavioral Sciences*, 54, 865-874, doi: 10.1016/j.sbspro.2012.09.802.
- 14) Rossi R., Gastaldi M., Gecchele G., Meneguzzer C. (2012). Comparative Analysis of Random Utility Models and Fuzzy Logic Models for Representing Gap-Acceptance Behavior Using Data from Driving Simulator Experiments. *Procedia: Social & Behavioral Sciences*, 54, 834-844, doi: 10.1016/j.sbspro.2012.09.799.
- 15) Rossi R., Gastaldi M., Gecchele G., Kikuchi S. (2012). Estimation of Annual Average Daily Truck Traffic Volume. Uncertainty Treatment and Data Collection Requirements. *Procedia: Social & Behavioral Sciences*, 54, 845-856, doi: 10.1016/j.sbspro.2012.09.800.
- 16) Rossi R., Gastaldi M., Gecchele G., and Meneguzzer C. (2011). Logit model versus fuzzy logic model for representing gap-acceptance behavior. *WSC16 2011 Online Conference on Soft Computing in Industrial Applications*, WWW, 5-16 December 2011.
- 17) Rossi R., Gastaldi M., Gecchele G., and Caprini, A. (2011). Clustering methods for road grouping in FHWA traffic monitoring factor approach, In *Proceedings of the 2nd International Conference on Models and Technologies for Intelligent Transportation Systems*. Leuven, Belgium, 22-24 June 2011.
- 18) Gastaldi M., Rossi R. (2011). A methodology for calibrating road link travel time functions using data from driving simulator experiments. *Procedia - Social and Behavioral Sciences: the State of the Art in the European Quantitative Oriented Transportation and Logistics Research – 14th Euro Working Group on Transportation & 26th Mini Euro Conference & 1st European Scientific Conference on Air Transport*. Vol. 20 pp. 656-665. Edited by J. Zak. Elsevier Ltd, ISSN: 18770428, doi: 10.1016/j.sbspro.2011.08.073.
- 19) Gecchele G., Rossi R., Gastaldi M., Caprini A. (2011). Data Mining methods for Traffic monitoring data analysis: A case study. *Procedia - Social and Behavioral Sciences: the State of the Art in the European Quantitative Oriented Transportation and Logistics Research – 14th Euro Working Group on Transportation & 26th Mini Euro Conference & 1st European Scientific Conference on Air Transport*. Vol. 20 pp. 455-464. Edited by J. Zak. Elsevier Ltd, ISSN: 18770428, doi: 10.1016/j.sbspro.2011.08.052.
- 20) Rossi R., Gastaldi M., Gecchele G. (2011). Analysis of driver task-related fatigue using driving simulator experiments. *Procedia - Social and Behavioral Sciences: the State of the Art in the European Quantitative Oriented Transportation and Logistics Research – 14th Euro Working Group on Transportation & 26th Mini Euro Conference & 1st European Scientific Conference on Air Transport*. Vol. 20 pp. 666-675. Edited by J. Zak. Elsevier Ltd, ISSN: 18770428, doi: 10.1016/j.sbspro.2011.08.074.
- 21) Rossi R., Gastaldi M., Gecchele G. (2011). Fuzzy systems approach versus possibility theory approach for representing customers' stated preferences on freight transport services. In: *Mussone L., Crisalli U. Transport Management and Land-Use Effects in Presence of Unusual Demand. Selected Papers*. Vol. 1797.38, p. 275-296, MILANO: Franco Angeli, ISBN: 978-88-568-4174-9.
- 22) Rossi R., Gastaldi M., Gecchele G., Meneguzzer C. (2011). Transferability of Fuzzy Models of Gap-Acceptance Behavior. In: *A. Gaspar-Cunha, R. Takahashi, G. Schaefer and L. Costa. Soft Computing in Industrial Applications*. vol. 96, p. 379-390, Berlino: Springer Berlin / Heidelberg, ISBN/ISSN: 978-3-642-20504-0, doi: 10.1007/978-3-642-20505-7.
- 23) Rossi R., Gastaldi M., Gecchele G. (2011). Development of Gap Acceptance Fuzzy Models Using Data from Driving Simulator Experiments. In: *Vulnerability, Uncertainty, and Risk. Analysis, Modeling, and Management*

Proceedings of the ICVRAM 2011 and ISUMA 2011 Conferences, April 11-13, 2011 Hyattsville, MD, p. 138-146. Edited by Bilal M. Ayyub. ASCE, ISBN 978-078441170-4, ASCE Conf. Proc. doi:10.1061/41170(400)17.

- 24) Rossi R., Gastaldi M., Meneguzzer C., Gecchele G. (2011). Gap-acceptance behavior at a priority intersection: field observations versus experiments with driving simulator. In: Transportation Research Board 90th Annual Meeting Compendium of Papers. Washington D.C., January 23-28, 2011, Washington D.C.: National Academies of Science.
