Workshop 360 on airport development

13th april 2018, 14:30
via Marzolo 9, Padua

Arch. Paolo Bianchi

Arch. Bianchi is an airport development expert with extensive international experience. He has over 10 years' experience in worldwide airport development with 70+ airport projects in over 20 countries, dealing with a vast range of airport sizes, from small regional and city airports to large international hubs. He developed over 20 airport masterplans ranging from 2 million passengers per year up to 180 million, and over 35 passenger terminals from small extensions to mega hubs. Today he is in charge of asset development at Bologna Airport.
